Truvy™ combo

What's the secret?

Green Tea Extract: Green tea extract (60% EGCG) is a well-known antioxidant and is shown to aid in weight loss and overall wellness.*

Green Coffee Bean Extract: This powerful extract that comes from coffee beans before they are roasted is a natural source of caffeine and can improve energy levels.

Iron: One of the essential minerals for health, Iron plays an important role in energy and healthy red blood cells.

Black Pepper Extract: Black pepper isn't just for your food. The extract of black pepper fruit supports weight loss and overall health by possibly reducing fat levels.*

Vitamin B6: This critical vitamin benefits the nervous system and helps you process food for energy. It may also help with brain fog.

Recommended Instructions: For best results we recommend combining Tru™ and Vy™ together. Take one Tru™ with one Vy™ together in the morning and then again at lunch.

Tru™ and Vy™ (pronounced Vee) fit together like two perfect puzzle pieces. Tru™ supports optimal blood chemistry while Vy™ gives you that natural boost of energy you need to get you through the day.* Consistency is key for best results!
